Electric guillotine with 450 mm cutting length and 40 mm cutting height

Powerful table-top machine or as a free standing version with optional table available, for cutting of up to 400 sheets. Suitable for high-volume use in offices, copy shops, digital printing houses etc.

Convenient and precise operation

Multi lingual touchscreen allows to control the electrical backgauge or to select easily preprogrammed settings for the most common formats (A3, A4, A5, A6). Up to 99 individual programs with 10 steps in each program can be stored on the memory.

The LED optical cutting line guarantees easy alignment of cutting marks for precise cuts. The electronic hand wheel facilitates manual backgauge positioning, accurate to the millimeter at variable speed.

Safe

Save two-hand operation: executing a cut is only possible by pushing two buttons at the same time. The safety guard needs to be closed during the cutting procedure. Safe and easy blade change with a blade changing device.
